Day 3	**3**	Write the Letters F to J	Writing big and small letters on four lines, by themselves.
Day 4	**4**	Find the Beginning Sound	Choosing the one picture that starts with the letter in the box.
Day 5	**5**	F to J Letter Detective	Finding the same letter in a row of mixed letters.
Day 6	**6**	F to J Picture Detective	Working alone: which 2 pictures start with the letter?
After	**Tracker**	My F to J Progress	Colour a circle for each letter skill your child can do.

Sounds to say (the sound, not the letter name)

F	f as in fish	**G**	g as in goat	**H**	h as in hen	**I**	i as in igloo	**J**	j as in jam

- Say each sound short: h is a soft breath, not "huh". Chant: fish, goat, hen, igloo, jam.

How to help

- Name the pictures first: hen (not chicken), gift (not present), jet (not plane).
- If they are stuck, say the picture's name slowly and ask, "What is the first sound?"
- Praise effort, not only the right answer. A wrong line or circle can be tried again tomorrow.
- Say "iguana" for the big lizard, so the first sound is i. Colour the stars at the end.

Writing tips (Worksheet 3)

- Small f and h start on the top line; g and j hang down to the bottom (4th) line. The dot on i and j comes last.

Not sure your child is ready for the next step?

- If a letter or sound is still hard, repeat that page another day. Short and often works better than long.
- If your child finds a page easy, ask them to find the letter in books, on signs or on the food packets at home.
- Move on to the next letters when your child can say the first sound of the pictures in Worksheets 2 and 4 without help.
